Yearly Vital Statistics Report
2019-2020

The Clinical Rehabilitation and Clinical Mental Health Counseling program at East Central University is fully accredited by the Council on Rehabilitation Education (CORE) through October 31, 2023 www.core-rehab.org and through Council for Accreditation of Counseling and Related Educational Programs (CACREP) through October 31, 2023 www.cacrep.org. The CRCMHC Program is required annually to report program outcomes for students and prospective students.

In 2019-2020, there were 88 CRCMHC students enrolled in the fall 2019 and 74 in the spring of 2020. Thirty-eight students graduated from the Clinical Rehabilitation and Clinical Mental Health Counseling Program in 2019-2020. Of the students who graduated from the CRCMHC Program, 100% were employed. Graduates are employed in outpatient counseling agencies, inpatient counseling programs, state and private rehabilitation settings.

Completion rates for CRCMHC Program students is 75 %. Students in the program complete their Master's degree within 3 years if enrolled full time or within 6 years if enrolled part time.

In 2019-2020, Students took both the National Counselor Exam (NCE) and the Certified Rehabilitation Counselors Exam. The pass rate for program students taking the NCE was 62.5%. This was comparable to the national pass rate for this exam. There is no data on students who took the CRC during this cycle due to low participation rate for the exam. The CRCC Commission only collect data if six or more students take the national examination.

The CRCMHC Program student body is 26% male, and 74% female. Seventeen percent of CRCMHC students are Native American, 8% of program students are African American and 50% of students are Caucasian. Two percent of program students are international students.

This year students attended the Oklahoma Counselor Association Midwinter conference, the Oklahoma Rehabilitation Association conference, and the National Council on Rehabilitation Education Conference.
